ABOUT THE PROGRAMS

Grant Programs

During the 2018-19 program year, Pennsylvania American Water provided \$501,378 in water and wastewater assistance grants to 1,860 households. Grants are funded through a corporate donation (\$450,000 per year) and customer and employee donations. To qualify for a grant, customers must have annual household incomes at or below 200 percent of the Federal Poverty guidelines (see chart) and applicants must have made a sincere effort to pay their bill.

Discount Programs

To qualify for the water and/or wastewater discount program, customers must have annual incomes at or below 150 percent of the Federal Poverty guidelines (see chart).

Water-Saving Devices and Education

Customers who qualify for the H2O Help to Others Program™ may also qualify to receive a water-saving kit that includes a low-flow shower head, faucet aerators, toilet tank diverter and non-toxic leak-detecting dye tablets. Also included is an educational booklet that explains how to install the devices and provides helpful tips on how to save water inside and outside the home, so customers can take an active part in reducing their water bill through wise water use.
